Description	The Lab Glassware Safety Workshop, organized by the Department of Pharmaceutical Analysis at Moonray Institute of Pharmaceutical Sciences on April 15, 2019, was a successful and informative event. Headed by Dr. Soma Sundharam, the workshop included theoretical sessions on the importance of quality glassware, practical demonstrations of proper handling techniques, and discussions on safety precautions. An interactive Q&A session allowed participants to clarify doubts, and feedback was collected for future improvement. The workshop aimed to enhance awareness, safety, and skills in laboratory practices, contributing to a safer working environment for students and faculty members.

Description	<p>The Seminar on "Nanoparticles and Their Role in Formulation Development" at Moonray Institute of Pharmaceutical Sciences on March 25, 2019, provided a comprehensive exploration of the applications and significance of nanoparticles in pharmaceutical formulations. Led by Dr. Bharath Ram, the seminar covered theoretical aspects, practical case studies, and technological advances in nanoparticle research. The interactive session facilitated knowledge exchange, networking, and positive feedback, making the event a valuable resource for students and professionals. The seminar highlighted the commitment of the Department of Pharmaceutics to bridging the gap between academic knowledge and practical applications in the pharmaceutical industry.</p>
